FOUR MILLIONS BUY LIBERTY BONDS

Total Reaches $3,035,226,850, an Oversubscription of 50 Per Cent

NEW YORK LEADS LIST

Subscriptions of 3,960,000 Persons are for Sums Varying from $50 to $10,000

WILL PARE LIST DOWN

WASHINGTON, June 22—Liberty loan subscriptions totalled $3,035,226,850, an oversubscription of over fifty per cent.

The final tabuiation was officially announced tonight showing that more than 4,000,000 persons bought bonds. Ninety three per cent of subscriptions, or those of 3,960,000 persons, were for sums varying from $50 to $10,000 while twenty one subscribers applied for allotments of $5,000,000 each or more.

New York Leads List

The New York federal reserve district led the list with subscriptions totalling $1,186,788,400, or more than three times the amount subscribed in the next district, Chicago, $337,195,950.

The other districts sent subscriptions as follows:

Boston	$332,447,600
Cleveland	286,148,700
Philadelphia	232,309,250
San Francisco	175,623,900
Richmond	109,737,100
Kansas City	91,758,850
St. Louis	86,134,700
Minneapolis	70,255,500
Atlanta	57,878,550
Dallas	48,948,350

These subscriptions include those sent direct to the treasury and apportioned among the various reserve districts.

Allotments to Be Made

Allotments will be made Secretary McAdoo announced as follows:

On subscriptions up to and including $10,000 full amount. These subscriptions totalled $1,296,684,850.

More than $10,000 up to and including $100,000, sixty per cent of the amount subscribed, but not less than $10,000 in any instance. These subscriptions totalled $560,103,050; allotments to subscribers in this group will aggregate $336,061,850.

More than $100,000 up to and including $250,000, forty five per cent of the amount subscribed, but not less than $60,000 in any instance. Subscriptions in this group totalled $220,455,600, and allotments will aggregate $99,205,000.

More than $250,000 and up to and including $2,000,000, thirty per cent, but not less than $112,500 in any instance. The toal of subscriptions in this group was $601,514,900; allotments will aggregate $184,381,800.

More than $2,000,000 up to and including $6,000,000 each twenty five per cent but not less than $600,000 in any one instance. Subscriptions in this group totalled $234,544,300, allotments will total $58,661,250.

More than $6,000,000 up to and including $10,000,000 each, twenty one per cent. Subscriptions in this group totalled $46,674,150; allotments will aggregate $9,801,600.

Two $25,000,000 Subscriptions

Two subscriptions of $25,000,000 each were received. The allotment to these subscribers will be at the rate of 20.22 per cent and they will receive bonds of the value of $5,055,000 each. One subscriber to $25,250,000—the largest—will be given 20.17 per cent or $5,093,650.

The paring down process thus will apply chiefly to the large subscribers. In cases where larger subscriptions have been reported to the federal reserve banks as consisting of a number of small subscriptions provision has been made for allotment in accordance with the several amounts of the smaller subscriptions.

"These figures as to the number of subscriptions are estimates," Mr. McAdoo explained, "because the returns from the federal reserve banks in this respect are incomplete but when finally reported they will exceed the number stated ($4,000,000).

"One of the chief purposes of the campaign was to distribute the liberty bonds widely thruout the country and place them as far as possible in the hands of the people. This was important because the strength of government finance like the strength of government policies rests upon the support of the people. The large number of subscribers, especially the large number of small subscribers, is most gratifying and indicates that the interest of the people was aroused as never before in an issue of bonds.

Eloquent Reply to Enemies

"The widespread distribution of the bonds and the great amount of the over-subscription constitute an eloquent and conclusive reply to the enemies of the country who claimed

WILSON APPROVES NEW CANAL REGULATIONS

WASHINGTON, June 22.—To meet war conditions, President Wilson has approved new regulations for the Panama Canal prescribing the length of time belligerent warships may remain in canal waters and the conditions under which they mal coal and provision.

To insure a free and open waterway on terms of equality to merchant ships and warships, it is ordered that there shall not be except by special arrangement at any one time, a greater number of war vessels of any one nation, other than the United States, including those of the allies or such nation, than three in either terminal port and its adjacent terminal waters, or more than three in transit through the canal, nor shall the total number of such vessels at any one time exceed six in all, the territorial waters of the canal zone.

GOV. LOWDEN SIGNS PRIVATE BANKING BILL

Measure Must Be Approved at November, 1918, Election

Approval Would Compel all Private Banks in Illois to Submit to State Supervision by Incorporation on or Before January 1, 1921.

SPRINGFIELD, Ill., June 22.—Governor Lowden late today signed the private banking bill which, if approved at the November, 1918, election will become a law and will compel all private banks in Illinois to submit to state supervision by incorporation on or before January 1, 1921. The measure was warmly supported in the legislature by the administration.

The governor also signed Senator Dailey's bills, 508 and 265, providing that soldiers in military service or qualified electors in civil life be permitted to vote by mail if absent from their home precincts on election day.

Senator McCullough's bill 299, was approved by Governor Lowden, permitting contiguous cities to organize a drainage district for use in common. The districts proposed in the McCullough measure would be administered by a board of three trustees who would have power to tax and exercise necessary powers.

Other bills signed by Governor Lowden follow:

S. B. 546 (Cliffe) Providing for method of holding elections affecting drainage districts.

S. B. 572 (Roos) Providing for the proper policing of Forest preserves in Illinois.

S. B. 354 and Senate bill 356 (Buck) Regulating windstorm insurance companies.

S. B. 74 (Kessinger) Providing a means of obtaining work thru state employment agencies for discharged prisoners.

S. B. 41 (Manny) Amending law regulating the admission to Illinois of foreign corporations.

S. B. 162 (Herlihy) Providing that the vacation of plats must be approved by city councils in like manner as plats are approved.

S. B. 79 (Austin) Permitting park boards to take over streets for park or boulevard purpose with the consent of the owners of two thirds of the frontage.

S. B. 153 (Barbour) Affecting the incorporation of bodies not for profit.

S. B. 1124 (McNay) Permitting the sale of used and unused ballots. This is to stop the waste now made necessary by the statute requiring that ballots be burned.

CONTINUES TO ADVANCE IMPORTANT REFORMS

PETROGRAD, June 22.—The provisional government continues the promulgation of important reforms. The first concerns the Zemstvos. Henceforth the vote will be enjoyed by both sexes independently of the present provision regarding property. Elections are to be on a system of proportional representation. The Zemstvos are freed from the tutelage of administration.

M. Skobeleff, the new minister of labor has drafted a plan to revise the sickness and insistence law of 1913. This act will be extended to all parts of the empire and embrace a much larger category of employes. Sick benefit funds heretofore administered by employes and employes with the government controlling henceforth will be in charge of employes uncontrolled.

M. Kerensky, minister of war, has presented for the government's approval a bill reforming the military jurisdiction. Regimental court martial will try all military offences. Other charges against soldiers will be tried by civil court.

SPANISH VETERANS MAY ALTER CONSTITUTION

STREATOR, Ill., June 22.—A proposal to alter the constitution of the United Spanish War Veterans to allow a United States veteran of any war become a member is receiving serious consideration at the state convention of the association here.

It may be submitted tomorrow to a vote of state association for approval.

There is a three cornered fight on for vice-junior commander among Oscar Carlstrom of Aledo; E. H. Clark of Peoria and Fred E. Brown of Sterling. The election will be held tomorrow.

GUARDSMEN TO WORK ON CAMPS

Washington, June 22.—National Guard engineer companies from Massachusetts, New York, Pennsylvania, South Carolina, Georgia, Texas, California and New Jersey were ordered mustered into federal service today to work on the national army cantonments.

CAPTAIN BELIEVES SHIP SUNK GERMAN U-BOAT

American Skipper Makes Statement On Arrival At Port

Wireless Operator Gives Detailed Account of Encounter With Submarine—Crew Abandons Ship After Torpedo Strikes Glancing Blow, But Come Back and Sink Diver

At an Atlantic Port, June 22—The captain of an American steamer said today that he believed the ship had sunk a U-boat on June 4, when two days out from Liverpool, Eng., enroute to an Atlantic port.

Beyond this statement the captain would not vouchsafe any further information.

In a story written today by the wireless operator, he said:

"At about 6:30 p. m. ships time, one of the gunners sighted a torpedo headed straight for us. He shouted to the bridge: "Here she comes. Torpedo port side.'

"The chief officer, who was on the bridge, shouted to the quartermaster, 'hard starboard.' We swung off. The torpedo struck us on the port side a glancing blow amidships right near the engine room. Our ship was empty and we all thought she had exploded from the terrific noise she made when she hit.

"Simultaneously the ship's whistle blew short and successive blasts, which was the signal to abandon the ship and man the life boats.

"The captain who remained on the ship found the torpedo had failed to explode. All hands were then ordered back on ship.

"When the commander of the submarine saw our crew coming back he immediately gave up his chase for two other British merchant ships and started for us again. The submarine was about 2,000 yards off our starbeam.

Suddenly came the command 'man the guns.'

"The chief gunner gave the gun crews their ranges.

"When about 600 yards off our starboard quarter a shell from our forward gun hit her and she submerged. Again she appeared and our after gun hit her and blew away her periscope. There was a shower of black specks which rose high in the air, followed by a greater commotion, bubbles of water and a light blue smoke arising from the stern of the U-boat."

BYRON ARMSTRONG HEADS DRUGGISTS

SPRINGFIELD, Ill., June 22.—The Illinois Pharmaceutical association adjourned its annual session today after electing officers as follows:

President — Byron Armstrong, of Jacksonville.

First vice president—J. Robert Phillips, Springfield.

Second vice president—Frank J. Dubsky, Chicago.

Third vice president—John C. Wheatcroft, Grayville.

Secretary—Prof. W. B. Day of Chicago.

Treasurer — Chris Garver, Bloomington.

The convention next year will be held at Rockford.

DECLARE DIVIDEND

New York, June 22.—A deferred dividend of five per cent was today declared on the preferred stock by the Corn Products Refining company. Arrears of dividends prior to today amounted to 9 1-6 per cent.

WANT STRONGER "DRY" PROVISION

Prohibition Advocates Prepare for Determined Effort in House Today

MAY PASS FOOD BILL

Nothing But Prohibition Drive in Sight to Prevent Passage of Measure Today

ACCEPT AMENDMENTS

WASHINGTON, June 22—All other phases of the rather perfunctory fight in the house over the food control bill were overshadowed tonight by interest in preparation by prohibition advocates for a determined effort to insert a stronger "dry" provision before the final vote tomorrow.

Not Agreed on One Proposal

The section which would authorize the president ot limit, regulate, prohibit or reduce the supply of food materials or feeds used in making alcoholic liquors falls short of the demands of most of the anti-liquor elements. A majority hopes for absolute prohibition of the use of grain for beverage purposes during the war. They are not agreed on any one proposed amendment however and their divisions may result in leaving the present provision unchanged.

Except for the prohibition drive nothing was in sight tonight to prevent passage of the measure tomorrow in the house and the outlook in the senate for quick action also was considered good.

Promising plans for compromises on disputed points in the senate caused Chairman Gore of the agriculture committee and Senator Chamberlain in charge of the bill to express belief that it would be ready for conference by July 1, the date by which President Wilson urges that the legislation should be enacted.

Method of Fixing Prices

Among amendments presented was one by Senator Borah proposing that retail and wholesale prices of bread, flour and other foods be proclaimed by the president and that the prices of steel, coal, oil, farm implements, meats and clothing worn by wage earners be fixed by the federal trade commission.

In the house Representative Towner failed by an overwhelming majority to substitute a complete bill for the administration measure which would have eliminated all of the control features. Representative Lenroot waged a vigorous fight against the licensing provision, saying it was unconstitutional and illogical but was defeated 123 to 66.

Amendments Accepted

Important amendments accepted by the house were one by Representative Lenroot to eliminate the

MAY DELAY DRAFTING GUARD INTO WAR ARMIES

Desires of Various Parts of U. S. As To Time Conflicting

Relative Rank of Officers Would be Established on an Unfair Basis Under Present Plan—Preparations Going Forward Smoothly.

Washington, June 22.—Drafting of the national guard into the federal armies for war service may be delayed until August 5th, because it has been found that under the present plans for drafting the guard in three increments, July 15, July 25, and August 5, the relative rank of its officers would be established on an unfair basis. The National Defense act provides that National Guard officers shall take rank as of the date of draft.

Desires of Country Conflicting

The desires of various parts of the country as to the time when the guard shall be assembled have been conflicting. The deparment has received numerous requests on the one hand for the early drafting of forces from some states, members of congress stating that the troops were ready and eager for the call while from other sections, notably agricultural regions, requests for delay have come as the loss of the number of men involved during harvest period might create a labor shortage.

Preparation for mobilization of the state troops are going forward smoothly, officials say. Recruiting has been good for the last month particularly among regiments not called into federal service for police duty. One Kentucky regiment now on such duty, however, is reported at full war strength, the first

WILL RECEIVE SAME PAY AS STUDENTS

FORT SHERIDAN, Ill., June 22. National guardsmen in training here for officers' commissions will receive the same pay as the other students. The 480 guardsmen received the good news that they would get $100 a month in an order from Washington today.

When the other men were paid a short time ago the guardsmen were told that their status had not been determined by the war department so there would be no envelopes for them until it was.

This worked a distinct hardship on some of them for they had come to Camp with just enough money to last till the first pay day. It was further stated that the men would receive their money with the least possible delay. After six week's training several of the men have decided that they will never make efficient officers and have withdrawn.

RED CROSS FUND TOTALS SEVENTY-SEVEN MILLION

Three Days of Campaign Remain to Raise $23,000,000

Red Cross War Council Hopes That the Fund, Like the Liberty Loan, Will be Overpledged During the Last Days.

Washington, June 22.—Reported contributions to the Red Cross hundred million dollar mercy fund tonight reached $77,000,000 of which more than $33,000,000 had come from New York City, and $44,000,000 from the remainder of the country.

Three days of the campaign period including Sunday, remain in which to raise the additional $23,000,000.

Altho pledges have rolled in at the rate of $15,000,000 a day this week campaign managers tonight expressed fear that the average might not be maintained.

Local campaign committees have received new instructions to work early and late however, and the Red Cross war council hopes that the fund, like the liberty loan, will be overpledged during the last days.

Churches will take special Red Cross collections Sunday. Monday the final day has been designated "Pershing Day." A special message from General Pershing to the American people telling the needs for Red Cross work on the battlefields of France will be published.

Cincinnati plans to make Monday "Mothers Day" and several other cities are expected to solicit contributions to be considered individual memorial funds to mothers of the donors.

Tonight's reports showed contributions to date by sections a sfollows:

North Central	$18,958,000
Middle Atlantic	11,452,000
West	5,624,000
New England	5,800,000
South	2,389,000

Ohio continued to lead not the North Central division but also all other states and Pennsylvania, New York, (outside city) and Illinois were other leaders.

WILSON APPROVES AIRCRAFT PROGRAM

WASHINGTON, June 22.—Unqualified approval of the great aircraft program, for which congress will be asked to provide an initial appropriation of $600,000,000 is given by President Wilson in a letter to Secretary Baker made public today by the war department. The president wrote:

"I have your letter of yesterday about the production of aircraft and the training of men to operate them and want to say that I am entirely willing to back up such a program as you suggest. I hope that you will present it in the strongest possible way to the proper committees of the congress."

A bill to authorize the program will be introduced in congress next week. It will propose the construction of 35,000 airplanes and of many thousand fliers.

COAL PRODUCERS TO MEET IN WASHINGTON

WASHINGTON, June 22. — A meeting of coal producers from all parts of the country will be held here Tuesday under the auspices of the committee on coal production of the Council of National Defense.

The problem of bringing about a decrease in coal prices to the consumers and means to be adopted for further facilitating large deliveries for military and naval use will be discussed. The coal situation was discussed briefly today by the cabinet. Secretary Wilson reported that operators, miners and railroads are co-operating in the best spirit.

SHOULD INCREASE BALANCES.

Washington, June 22.—All reserve banks were notified by the federal reserve board today that member banks should increase as promptly as possible their balances with the reserve banks to meet the requirements of the recent amendment to the reserve law. The board suggested that the reserve banks reserve a spirit of liberality and co-operate with member banks as far as practicable.

GORMAN PRESIDENT

Chicago, June 22.—James E. Gorman was elected president of the Chicago, Rock Island & Pacific railway company at a directors meeting in New York today.

The railway's operating revenue increased 1.3 per cent during the fiscal year ending December 31, 1916, and its operating expense increased only 2.8 per cent, the annual report showed.

DEMAND SEPARATION OF FINLAND FROM RUSSIA

HELSINGFORS, Finland, June 22 The social democratic congress of Finland has adopted resolution demanding separation of Finland from Russia and the formation of an independent republic. Under the plan proposed Russia would not have the right to keep troops on Finnish territory in time of peace or to possess any fortifications. Economic relations between Finland and Russia would be regulated as between foreign countries.

The Finish Social Democrats addressed the Socialist Democrats of all countries especially Russia asking them to support establishment of Finland's independence by an international agreement on the ground that the Russian government which is characterized as bourgeois is incapable of giving adequate guarantees of the inviolability of Finland's freedom.

ROB NORMAL HOME

Bloomington, Ill., June 22.—Robbers last night entered the home of W. S. Ninkie of Normal, securing $3,000 worth of diamonds and jewelry. The robbers escaped. The discovery was not made until this morning.

NO SERIOUS DELAY IN BUILDING CAMPS

Secretary Baker Says All Camps Will Be Ready About September 11

TO SELECT MEN IN JULY

Exemption and Selection Regulations To Be Made Public Next Week

MAKING MODIFICATIONS

Washington, June 22.—There will be no serious delay in construction of the sixteen cantonments for the national army, Secretary Baker said today and all of the establishments probably will be ready about Sept. 11, the tentative date considered for summoning to the colors the first 625,000 men. The process of selecting the men, the secretary indicated probably will be set in motion early in July. Regulations for the exemption and selection processes have been prepared and will be made public next week. President Wilson is understood to have approved of the general scheme worked out by the war department to secure fair and unselfish application of the law thru local officials.

Will be Complete in Few Days

Minor modifications are being made but plans will be complete in a few days.

Machinery for the great task of constructing the sixteen cantonments also is virtually complete and in some cases actual physical preparations have begun. Most of the contracts have been let, army officers have been detailed to oversee construction and under an order published today the engineer units of the National Guard of fifteen states will be mustered into the federal service immediately to aid in technical features of the work.

At each cantonment it was announced today all construction operations will be under the direction of a constructing quartermaster. Seven of the men designated for these posts are regular army officers and the other nine are successful civilian engineers who have been commissioned as majors in the quartermaster's reserve corps. They will check up figures of the contractors to see that their cost plus percentage contracts are fairly executed. The only question as to cantonment sites that is not fully settled, Mr. Baker said, involves a possible relocation of the cantonment now assigned to Des Moines. Objection has been raised to the Des Moines location on the ground that railway facilities are not adequate and that it will be impossible to provide proper drainage. These points have been reopened for consideration.

Buildings of the cantonment, the secretary said, would proceed on the present general specifications, tho some minor modifications would be made because of suggestions by the medical committee of the defense council of which surgeon general Gorgas is a member.

The main problems now are those of material and transportation.

Emphasizes What Can be Done

By way of emphasizing what can be done in a short time when all the resources of the department are put to work, officials revealed today that cantonments for the regular army made necessary by the expansion for war purposes have been rushed almost to completion. Among the nine engineers given reserve corps majors' commissions and made constructing quartermasters are Donald E. Sawyer, Spokane, Rockford cantonment and Millard Butler, St. Paul, Des Moines cantonment.

Today's order calling national guard engineers into the federal service applies to engineer troops in the guard establishments of Massachusetts, New York, Pennsylvania, South Carolina, Georgia, Ohio, Indiana, Michigan, Illinois, Mississippi, Iowa, Kansas, Texas, California and New Jersey. It is expected the troops will be returned to their own national guard divisions for military training after they have completed their work on the cantonments.

WEATHER INDICATIONS AND TEMPERATURES.

Illinois: Unsettled weather Saturday, showers and thunderstorms in north portion and by night in south portion. Warmer in northeast portion. Sunday unsettled; cooler in south and west portions; warmer in northeast portion. Moderate to fresh shifting winds.

A sun bathed field of green, splotched in every direction by great shell-made rents; splashed with human blood, flowing from wounds torn open by the crash of shrapnel; here and there a tree withered and falling from battering shells; homes of an innocent people strewn in pieces over the landscape; at the mouth of a bomb splattered trench a young soldier, scarcely more than a boy—some mother's son—a great gash in his breast, where a wicked bayonet scarcely missed his throbbing heart. Barely breathing is he; his life blood ebbing like the sunset tide.

That is a picture of the war torn fields of Europe; and a picture of what the Red Cross has to do.

An ambulance, mud splattered and rent here and there with bullet holes, drives to the edge of the trench. On the side of the motor car we see a great, flaming cross in red. It is the messenger of mercy — the agency which is appealing to you to help that man—that mother's boy—lying there with his breast torn open by the wicked thrust of a bayonet.

Cannot you see your duty by that lad who has given his all for you—that you might live and enjoy the fruits of his fight for freedom? How can any person fail to see his duty in helping the great and noble Red Cross?

A hundred million dollars is asked. Have you given your share of it? Have you given of your worldly goods sufficient to help a little in caring for that war torn boy on the edge of that trench?

Why wait?

THE RED CROSS CAUSE

The Red Cross cause appeals no more strongly to people of large means than to those of small or medium means. Its appeal is universal, resting first on patriotism and next on humanity. To the army of young men going across seas to encounter pain, privation, and possibly death, or a wounding which may be worse than death, it is not the homes of the rich, comparatively few as they are, which contribute most.

The great majority must come out of middle-class homes, and homes in which the chief treasures are the girls and boys under the rooftree; homes where suffering — sometimes felt and sacrifices are often made.

The Red Cross carries humanity beyond the hospital and the camp. It does not stop at the line where the sound of firing is to be heard. Its soldiers reach to the firing lines for the relief of the stricken and fallen. And to the boy who left a cottage to fight for his country, its ministrations are as freely given as to the one who left a mansion.—Globe Democrat.

MEN AND JOBS

Samuel Gompers, who recently declared there is no shortage of labor in this country, should come to Jacksonville and endeavor to find a man to do a day's work. Here it isn't a question of wages but a question of finding a man for the job if that job happens to be of a kind which requires considerable hard work in the sun.

OIL AND COAL FOR UNCLE SAM

Since it is announced that the U. S. navy's immediate requirements are fifty million barrels of oil and two million tons of coal it will be proper for the oil companies and the coal operators to make another advance of prices. The original announcement stated that the government would pay the prices for this coal and oil fixed by the federal trade commission. Thus far the prices fixed for government purchases of supplies of that kind have been at a figure subject to arbitration, so nobody yet knows what the government is going to pay, but the prices will certainly be high.

LOOKING FORWARD

The Willys-Overland company, one of the greatest automobile manufacturing concerns in the U. S., is among the first to announce the establishment of a branch for the manufacture of aeroplanes. The automobile business of the country has developed from almost nothing to its present gigantic proportions in fifteen years. Who can prophesy what the next fifteen years will hold in the improved methods of travel—that is, if you account sailing thru mid air as an improvement.

UNCERTAINTY DISTURBS MARKETS

One thing is certain, that in the interest of the public very soon an end should come to the agitation about fixing prices of foodstuffs, coal and other necessaries. The discussion and newspaper publicity which has been going on for several weeks has served to so disturb market conditions that neither consumers or producers know just what to do. Some stabling measure must be taken also with reference to government purchases, which are reported to be made at this figure and that figure, with the statement that later on the price to be paid will be settled by arbitration. Uncertainty is the greatest disturber of business and in the interest of everybody concerned agreements on all these lines must soon be found.

THE GOVERNMENT'S SPECIAL PRICES.

This is the way the Wall Street Journal outlines the way "big business" feels about being called upon to sell the government materials or supplies at prices lower than are charged private purchasers.

"The argument that the Government should pay less for an article than is paid by the general public rests on a single premise, that of patriotism. It is illogical and disputes the law of supply and demand. Here is a case in point: The maker of ship plates sells his plates to a private shipbuilder for $100 a ton. He is asked to sell to the Government for $50 a ton. Adjoining the manufacturer of ship plates is a manufacturer of toilet articles who has nothing to sell to the Government, but who enjoys unusual prosperity because his profits are 100 percent higher than they were a year ago. One manufacturer is penalized while the other is permitted to reap a harvest. The stockholders of the steel plant are subject to double taxation for they not only submit to a regular corporation tax but also submit to a lowering of their profits by 50 percent. Thes tockholders of the other concern reap all the benefits of high prices and pay only one tax. Business can not be stabilized on such principles."

Rippling Rhymes By WALT MASON

THE SPEECHMAKER

They call upon me now and then, to make a speech on this or that; I rise before my fellwwmen, and shoot some wisdom through my hat. A glow of pleasure most men feel when they hand out profound remarks, for every fellow likes to spiel, as every dog enjoys his barks. And ten men out of every nine, go on and on and on, they like it so, till palsied hearers wilt and pine, and with they had some eggs to throw. When I begin I note the clock, which has all time at its command; I keep on squinting as I talk, and mark the moving minute hand. I watch the clock with baleful eye, I stand where I can see its face, and when ten minutes have gone by, I put my tongue back in its place. My lungs would like, like everything, to labor on, but they must cease; I tie my larynx with a string, and put them all in my valise. So I am often asked to rise and thrash the issues of the day, for people know I am too wise to keep it up till they are gray. They know I always watch the clock, and when the proper hour has come, I grab my hat and take a walk, and seal my lips with chewing gum.

BRING PRESSURE TO BEAR TO STOP CAMPAIGN

MEXICO CITY, June 22.—Every possible pressure, including financial offers is reported to have been brought to bear by Germans and pro-Germans to stop the campaign of El Universal for the severance of relations between Mexico and Germany. The campaign continues to be the main topic of conversation here. El Universal will say editorially tomorrow that in the flood of comment which its stand has evoked no paper or person has taken a pro-German stand or proposed that Mexico ally herself with the central powers.

The editorial declares that the opinions of intellectual leaders were chosen to give point to the paper's campaign as governmental officers from the nature of their positions could say nothing and politicians always played safe while it was the purpose of the paper to give expression to the opinion of the real thing people of Mexico.

The discussion of the campaign has brought renewal of charges that pro-German papers are being directly aided in their campaign against the United States by free print paper supplied by firms in the United States.

STUDENTS ENLIST IN ORDNANCE CORPS

CHAMPAIGN, Ill., June 22.—Twenty-four students taking the special six weeks ordnance course given by the University of Illinois enlisted today for four years in the ordnance corps of the army. Upon completion of the course next week the men probably will go to the Rock Island arsenal for practical experience in army store keeping. The university officials have interested many more students in the ordnance and quartermaster branches. It is not known where nor when the men will go into active service.

The woman's building of the University is to be turned into barracks for army aviation instruction school located here for the duration of the war, it was announced today. Aviators now number 110 with the full quota of 200 expected to be reached by July 15. The men now are housed in the big university armory but will move to the remodelled woman's building about August 1st.

POLICE ESCORT BYRON TO FIELD

ST. LOUIS, June 22.—A squad of about twenty patrolmen escorted Umpire Byron to the field before today's St. Louis-Cincinnati game to prevent a repetition of yesterday's near-riot when about 300 fans crowded about Byron and it was necessary to use force to disperse them. After escorting Byron to the field the police stationed themselves near the Cardinal bench to prevent any disturbance. There was no demonstration this afternoon.

President Rickey returned from New York today and after hearing of yesterday's incident, wired a formal protest to President Tener, it is said, asking the immediate removal of Byron from St. Louis.

HEAVY ATTACKS BY GERMANS

Paris, June 22.—Heavy attacks by the Germans north of the Aisne have been repulsed by the French troops with severe casualties, according to the official communication issued tonight. In the attack which was along a front of about 1¼ miles the Germans only at one point succeeded in penetrating the French trenches.

SLEEVELESS JACKETS

In order to correct an error in previous publication the following directions for making sleeveless jackets for soldiers are reprinted:

No. 5—Celluloid needles, 2 hanks knitting worsted, gray or khaki. Cast on 80 stitches loosely. Knit 2, purl 2 for 4 inches or about 30 rows (15 ribs.) Knit plain until work measures 23 inches. Next row knit 28 stitches, knit and bind off loosely next 24 stitches and on the remaining 28 stitches knit 6 ribs (12 rows) back and forth for left shoulder. The last row will bring yarn to neck side. Break off.

Beginning at neck, knit 6 ribs on stitches reserved for right shoulder, cast on 24 stitches opposite those bound off for neck and knit 28 stitches on left shoulder, when all 80 stitches will again be on the needle.

Knit plain for 19 inches. Purl 2, knit 2 for 4 inches. Bind off loosely, sew up sides and leave 9 inches open for armholes.

A GOOD WHEAT CROP

Logan Black, two miles east of the city, reports a good wheat crop, half soft wheat and half hard, the soft as good as the other which is unusual. One reason for the good condition of the soft wheat Mr. Black attributes to the fact that the land had on it a good second crop of clover but instead of cutting it he plowed it under making a fine seed bed for the wheat which looks fine and bids fair to make a large yield.

RED CROSS DRIVE WILL BEGIN TODAY

ALL READY FOR OFFICIAL CAMPAIGN FOR MEMBERS.

Headquarters Established in Central Park—Numerous Sub-Stations are Selected—Ex-Gov. Yates to Speak Sunday Afternoon and Raymond Robins at Night—Lodge and Society Representatives Had Enthusiastic Meeting.

The campaign for Red Cross members will begin officially this morning in Jacksonville at 9 o'clock. There are more than a thousand names already enrolled and when the big day's drive is finished it is expected that this number will be more than 2,000. The special effort today will be in the business district and the official canvass of the residence district will not begin until Monday.

The headquarters tent was erected on the west side of the Cestral park Friday afternoon and will be in readiness for service today. C. J. Deppe, C. S. Hillerby and Henry L. Smith were named as a decorating committee for the tent headquarters and before noon today the tent will be attractive with Red Cross colors and insignia. Flags also will be used and the tent headquarters will be certain to present a patriotic picture. While arrangements have not all been completed to this effect, it is expected that soldiers in uniform will be constantly near the tent.

Gov. Yates to Speak Sunday P. M.

For several days the Red Cross directors have been considering the plan of having two meetings Sunday, one in the afternoon and the other at night at the opera house, because they realized that not half of the people could be taken care of at the night meeting. Friday this plan for an afternoon meeting took definite form and Chairman Crabtree was able to secure former Gov. Richard Yates as the speaker. He will be here to address the opera house audience at 3 o'clock Sunday afternoon. Gov. Yates have been actively at work in the Red Cross movement for a number of weeks past and is chairman of the state committee on organization. He excels as a platform speaker and on this subject, which is now so near to his heart, he can be relied upon to make a stirring patriotic appeal. There will be special vocal music with band and orchestra program for the afternoon just as there will be for the night meeting, when Raymond Robins is to be the orator.

To increase the ease for Red Cross enrollment dozens of sub-stations have been designated and the names of the women assigned to these stations appear in another column. The women will wear a white dress and apron and the nurse's blue cap with flowing veil and a red cross stamped upon the frnt. A Red cross worn upon the breast will complete the costume.

Committees of workers visited Franklin, Lynnville and various oth- Franklin, Lynnville and various oth- in each instance found the greatest enthusiasm.

Lodges and Societies.

Last night at the Red Cross shop a meeting of representatives of fraternal societies was held. A number of short talks were given, each of the speakers emphasizing the high mission of the Red Cross and the duty which rests upon Morgan county for uniting most heartly and sincerely in the present effort. John J. Reeve presided and among those who talked were M. F. Dunlap, E. E. Crabtree, S. W. Nichols, W. L. Fay, Dr. F. A. McCarty, A. G. Cody, J. W. McGinnis, John J. Ferry, Judge W. E. Thomson and others. Representatives of a number of lodges and orders were present and all agreed to endorse the campaign and to urge members of the organizations they represent to join the Red Cross work. A number of lodges did not have representatives present but it is confidently expected that they will join in this great and good movement and lend their valued support. The resolution as adopted and which the fraternal and lodge representatives are to sign are as follows:

"We, the undersigned officers in the various lodges, societies and organizations of Jacksonville represented at the Red Cross meeting held June 22, 1917, heartily endorse the Red Cross membership campaign now being waged in Morgan county.

"We further call upon and urge each and every meber of our respective organizations to immediately join the Red Cross society and to do all in their power to insure the success of this campaign."

Some Lodge Representatives.

Among the lodge and society representatives at this meeting were:

Star camp Royal Neighbors—Mrs. Pauline Gomes, Mrs. Mary E. Peckham.

Minnetonka Council No. 71—Mrs. James Esmond, Mrs. Charles Seymour.

Illini lodge I. O. O. F.—A. G. Cody, R. C. Allen.

Jacksonville lodge No. 152 K. of P.—Charles A. Howard, Ralph I. Dunlap.

Favorite lodge No. 376 K. of P.—W. E. Hall, A. R. Myrick.

Woman's Relief Corps—Mrs. Anna E. Ferguson, Mrs. Lula Weakley.

W. C. T. U.—Mrs. C. A. Branom.

Knights of Columbus—John J. Ferry, J. V. Kennedy.

Independent Order of Red Men—Abe L. Wood.

Athens Lodge I. O. R. M.—M. L. Conlee, Earl Sutcliff.

Fraternal Order Eagles—F. W. Doht, F. D. Kelly, Michael McGinnis.

Typographical Union No 356—A. L. Wood.

Urania Lodge I. O. O. F.—W. E. Thomson, Clyde D. Black.

Woodmen of the World—E. A. Olds, W. E. Thomson.

American Loemen—William Kastrup, W. E. Thomson.

At 4 o'clock Friday afternoon the Red Cross shop was literally filled with women as the special committees appointed from all the churches met to receive their instructions and supplies for the special work they are to do at their respective churches Sunday. The plans were all talked over and the women have a thoro understanding as to just the work they are to do. At the same time the solicitors who will be at the substations today received their instructions.

Industrial Committee Met.

Another meeting at the Red Cross shop Friday evening was the industrial committee of which H. M. Capps is chairman. At this conference the representatives of the various larger industries of the city practically pledged that all employes would become members. This action was taken after conferences with the employes and because of a knowledge of the spirit and enthusiasm which prevail among all these workers. As before suggested, this is a movement in which employers and employes, rich and poor, young and old, people of all nationalities are equally interested, for the work is in the cause of humanity

The Red Cross shop Friday was a busier place than ever as there were many more workers and all had plenty to do. Today will be another active one, altho the business will be divided between the Red Cross shop and the Central park headquarters. As mentioned, various merchants have cared for the equipment at the shop so that there has been practically no expense. The light company is furnishing light without cost, the Gravel Springs water company is supplying the water and the Snyder Ice & Fuel company the ice, both free. Certain Red Cross pictures designed for advertising were taken by Mollenbrok & McCullough without charge and these are being used at the opera house, Luttrell's and Scott's theaters, also without charge. Surely the Red Cross work is one which everybody is for and nobody against.

The Red Cross Membership Roll

FRANKLIN NAMES A RED CROSS COMMITTEE

Organized Effort to Secure Members Will Begin Today—Enthusiasm Very Marked at Friday Night Meeting.

Franklin people in an enthusiastic meeting Friday night voted unanimously to organize for the Red Cross membership campaign. At this meeting W. N. Luttrell presided and the speakers from Jacksonville were Frank J. Heinl, Miss Louise Capps and Albert C. Metcalf. They had hardly time to finish before the Franklin people began to talk, for they were ready and anxious to begin work. Rev. Father Smith, pastor of Sacred Heart Catholic church, led off and was followed by M. B. Keplinger, Rev. W. E. Keenan, Rev. J. N. Jerman, Mrs. Jennie Wright Burch and Mrs. Sallie Wyatt. An executive committee was appointed to take charge of the organization work which will begin today, and it was practically determined that when the membership campaign has been concluded that a Franklin Red Cross branch will be organized. The executive committee named includes M. B. Keplinger, chairman, Rev. A. Smith, Rev. J. N. Jerman, Rev. W. E. Keenan and Rev. James Todd, Jr.

Mr. Heinl in his address referred to the part that Franklin people have taken in other wars. It is probably true that no other part of the county was so largely represented in the various American wars and Franklin precinct in this regard is especially historic ground. Miss Capps told something of the work of the Red Cross on the battlefield and in the war hospitals and Mr. Metcalf gave various points about organization plans.

It was in every way a splendid meeting and the people of Franklin are certainly alive to the situation and realize the need for the Red Cross work. The Jacksonville party included in addition to those mentioned Mrs. Frank J. Heinl, and H. V. Stearns, who used his car for the trip.

HOW RED CROSS MONEY IS USED

Rules of National Society Provide for Distribution of all Membership Dues.

Some quotations have been asked regarding the disposition of the Red Cross money flowing so freely and some erroneous apprehensions have been entertained.

In the first place no one in Jacksonville gets a cent of pay; the whole thing is done wholly by volunteer work. There may possibly be a little expense for job printing of tickets or something of the sort and that will be practically all. When money is paid in the disposition is as follows:

Annual, $1.00; half at home and half to headquarters.

Subscribing, $2.00; $1.50 headquarters and 50 cents at home and the subscriber gets the magazine, $1.00.

Contributing, $5.00; $3.00 to headquarters and $2.00 at home and the magazine to the sender.

Sustaining, $10.00; $7.00 to headquarters and $3.00 at home and the sender gets the magazine.

Life, $25.00. All to headquarters.

Patron, $100.00; all to headquarters.

The money sent to headquarters all goes for the general work of the organization which is well known. That which is retained here is for material to be used in making articles to be sent to the soldiers and for an emergency fund against some special need. Under all circumstances by the laws of the organization only 5 per cent can be used for overhead expenses.

FOURTH WARD RED CROSS WORKERS

The following workers for the Red Cross campaign have been named for the fourth ward. They are hereby asked to assemble at the Congregational church Monday morning at 9 o'clock to receive instructions and supplies:

Mesdames Ben Wood, Richard Ferris, Fred Bolton, Jerry Rollins, Ellis Moore, Alice Hill, Eugene Hayden, John Yates, George Rogerson, Frank Orear, Frank Strawn, U. G. Woodman.

Messrs. James Barnes, James G. Capps, Jr., Allen Smith, Charles White, John Lane, Fletcher Hopper, Arthur Fairbanks, Carlton W. Taylor, George Hollinger, Rev. Langton, Charles Gillette, Morrison Worthington.

Misses Ione Keuchler, Anne Jackson, Grace McLaughlin, Elson Barnes.

INSTRUCTIONS TO RED CROSS CHURCH SOLICITORS

Instructions were issued esterday by Rev. M. L. Pontius, chairman of the church committee, to workers who have been assigned to Sunday church services. It is expected that the solicitation committee of each church will have charge of the application blanks and buttons. These blanks should be properly distributed at the Sunday morning service and the committee must later receive the pledges and money. It is desirable that all blanks be distributed a considerable time before the audience is dismissed, so that persons desiring to sign will not be hurried. Committee members should have blank checks with pen and ink, ready for use and chesks should be made payable to Hester M. Capps, secretary. Church reports are desired at the Red Cross shop as early as possible Monday morning.

REV. JOHN PHILLIPS TO WED

Jacksonville friends of Rev. John M. Phillips will be interested in knowing of the announcement of his engagement to Miss Eleanore Elizabeth Sinclair of Medford, Mass. The announcement was made recently by Mr. and Mrs. Albert Palmerston Sinclair, parents of Miss Sinclair, and the wedding is to take place in the fall.

Rev. Mr. Phillips has been for some time in ministerial work in the east and is occupying a constantly widening sphere of ministerial usefulness.

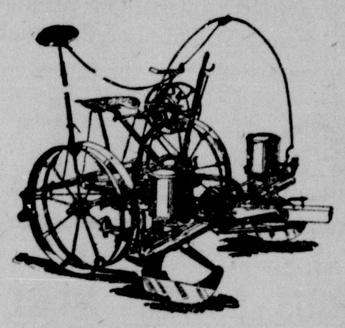
International Corn Planters Have a Habit of Pleasing



IF your neighbor owns an **International** corn planter, you don't have to be told that he is satisfied. You know it, and we know it. The **International** corn planter satisfies because it is simple and because it plants corn the way you want it planted. A strong feature is the adjustable runner frame, keeping the runners even and the hoppers level, no matter what the height or speed of your team. This mean accurate dropping and even checking instead of zig zag. It is a very convenient planter under all conditions.

The **International** is the corn planter that deserves to be looked over by every farmer who wants to get the most out of his cornfields. It wastes neither seed nor ground, it handles easily, and it lasts as long as any farmer could ask.

Come in the first time it is convenient and study an **International** planter. Made in five styles—own the style that suits you.

FIT UP SHORE HOME FOR AMERICAN TARS

Two American Pool Tables Latest Addition to Furnishings

Base of American Flotilla In British Waters, June 22—By Associated Press)—Two American pool tables arrived in the picturesque old village today. They are the first American tables ever seen here and attracted a great deal of attention.

They are the latest addition to the shore home of the crews of the American destroyers, which has been named the United States naval men's club and which is being built with funds provided by American business men in London and New York.

Altho the dormitory feature of the club house which will provide sleeping accommodations for 75 men, will not be completed for a month, the club house will be formally opened on Saturday night. Moving pictures will share the honors with a vaudeville program provided by the American sailors.

The program has been printed by the destroyers' printers and announces songs, dances, recitations, and wrestling matches by the most marvelous aggregation from God's country that ever set foot in anybody else's country.

A moving picture machine from one of the ships has been installed and the orchestra of the destroyer fleet is busy practicing for its share in the entertainment. Another feature will be a minstrel show by a troupe of comedians who were formerly on the battleship Nebraska. The sailors were busy today putting the finishing touches to their club house which was formerly a public bath house and which they have converted into a hall which seats nearly one thousand persons.

WAR NEWS SUMMARIZED

The French and Germans in the region north and northeast of Soissons and in several sectors in Champagne have been engaged in furious fighting for two days with varying results while in the eastern theater in Volhynia and Galicia the Russians are using their guns against the Austro-German lines in bombardments which may prove the prelude to the commencement of infantry activity.

On the British Line in France bad weather has brought the operations of General Haig's army almost to a standstill. Likewise in the Austro-Italian theater the offensive of the Italians, which was resumed Wednesday on the front southeast of Trent, has slackened materially in intensity. On the other fronts only minor engagements have taken place.

Having lost back to the French the greater portion of the trenches they had captured in the vicinity of Vauxalion the Germans to the east of this region have delivered violent attacks along a front of about a mile and a quarter. Again picked troops in large numbers were used in the assault and again, as before Vauxaillon the French guns inflicted heavy casualties on the Germans, driving the assaulting waves back into their trenches except in the center where, after repeated attempts the forces of the German crown prince entered a French salient.

In Champagne southeast of Moronvilliers, according to the Berlin war office the Germans in a surprise attack conquered a French position, but the French later in counter-attacks regained a portion of it.

Disorders again have broken out among the sailors of the Russian Black Sea fleet at Sebastopol. They are reported to be connected with the retirement of the commander of the fleet and propaganda by forces of reaction. The trouble is not believed to be serious.

Unofficial advices from Vienna are to the effect that the cabinet crisis has not yet been settled.

WILL CALL REGIMENT INTO SERVICE AT ONCE

Fort Sheridan, Ill., June 22.—Official notice was received from Washington today that a regiment of National Guard field artillery would be called into the federal service at once here. It is believed that the regiment will be the first Illinois four battries of which belong to Chicago and that the purpose of the call will be to provide the six batteries of the camp with horses and guns.

CONSTANTINE REACHES THUSIS.

Thusis, Switzerland, June 22. — Former King Constantine of Greece arrived yesterday evening by special train with a suite of 30 persons. The railway station was guarded by troops to prevent manifestations. The reception given the dethroned monarch was sympathetic.

RAILWAY MEN RESUME WORK.

Petrograd, June 22.—The railway men on the first section of the Nicolas railway connecting Petrograd and Moscow, who went on strike without awaiting the award of a commission appointed to examine their claims, have resumed work. The government has provided for an increase in their wages.

OUTLINES PLANS FOR ILLINOIS RECRUITING

Head of Chicago District Issues Statement Naming Organizations Which Will Unite in Work.

Chicago, June 22.—The organizations which wil unite in working for the success in Illinois of recruiting week were named tonight by Captain Franklin R. Kenney, commanding the Chicago recruiting district, in a statemnt in which he outlines the plans for making the period that ends with the Fourth of July see the greatest number of voluntary enlistments since war was declared. They include the Illinois state council of defense, mayors and city officials of all the cities, churches, newspapers, Sunday schools, labor unions, postmasters, railroad agents and numerous volunteer civilian organizations.

In Chicago temporary recruiting stations will be opened all over the city. Out in the state eyery postmaster and every railroad agent will serve as an auxiliary recruiting officer. Arrangements have been made sot hat any recruit will be at no expense for railroad fare if he wishes to come from any place in the state to Chicago to enlist. The other main recruiting stations for Illinois are eoria and Terre Haute, Ind., which has charge of 19 eastern Illinois counties.

It was explained that when the selective draft becomes effective, the volunteers from each county will be credited against the quota required from that county under the draft law so the more volunteers from a county, the fewer who will be drafted from that county.

CHARGE TEACHER WITH FIRST DEGREE MURDER

Miss Lusk's Condition Takes a Turn for the Worse—Girl Expresses No Joy When Told Her Chance of Recovery is Still Good.

Waukesha, Wis., June 22.—Miss Grace Lusk, high school teacher who shot and killed Mrs. David Robetrs, wife of a former state official with whom she professed to be in love was served today with a warrent charging her with murder in the first degree. The warrant was read to her in the hospital where her life still hangs in the balance from a bullet wound she inflicted on herself after standing off the police for half an hour.

Tonight Miss Lusk's condition took a turn for the worse and the physicians who were constantly watching her feared that an infection might develop in the wound which would prove fatal.

RESULTS SATISFACTORY.

Washington, June 22.—Preliminary reports from the New York navy yard on trials of the first of the 110 foot submarine chasers now show satisfactory results in every respect. The hull was completed in a few weeks time and the boat already has weathered her first test run without developing any defects.

DUTCH MINERS STRIKE.

London, June 22.—A dispatch to the Exchange Telegraph company from Amsterdam says that ninety per cent of the Dutch miners of Limburg (a province in southeastern Holland) are on strike for a minimum wage and an eight hour day. Many Belgium interned soldiers who have been working the mines joined the strike which involves about 70,000 men. The situation is considered serious. The Holland coal supply is largely dependent on the output of the Dutch mines.

NO TRUTH IN REPORT.

An Atlantic Port, June 22.—The British vice consul at this port disclosed today that there was no truth in the report that a British steamer arriving here had aboard prisoners from a German raider, sunk or captured at sea. The steamer in question, he said, arrived here yesterday and had only her crew aboard.

PLAN UNION REVIVAL SERVICES IN OCTOBER

A Number of Churches Join to Secure Services of Evangelists Hanly and Fisher—Meeting of Ministers and Laymen Friday Night

It was determined Friday night at a meeting of ministers and laymen that a union revival service would be held in Jacksonville beginning in October and continuing at least five weeks. Dr. Hanly will be the evangelist, with Fred Fisher as assistant particularly in charge of the music. The churches uniting in this evangelistic effort will be Grace, Centenary and Brooklyn, Methodist churches, Northminster, State Street and Westminster Presbyterian churches, and the Methodist and Presbyterian churches in the country adjacent to Jacksonville It is possible that other churches will also join. It is the intention to erect a tabernacle. These plans were all outlined at a meeting of the ministers and laymen held at Northminster church Friday evening. There were ten ministers and twenty seven laymen in the company and the vote was unanimously in favor of the union meetings.

Officers and Committees Named

Rev. F. B. Madden was chairman of the meeting and J. S. Findley was secretary. The call to Dr. Hanly and Mr. Fisher was signed by all of those present. A committee to serve during the summer months until the organization of a more permanent kind is effected includes T. M Tomlinson, chairman; Rev. F. B. Madden, vice chairman, and Rev. R. B. Wilson, secretary. W. J. Brady, C. E. Williamson and J. A. Walter were named a committee on tabernacle site and the following as the advertising committee: E. G. Saye, J. I. Graham, Frank Bourn, R. P. Joy, William Floreth, W. C. Sperry, and J. W. Walton. It was decided that members of the two committees will serve with the officers as members of an executive committee during the summer months. All present last night who signed the call became members of the organization committee which will be enlarged before the meetings begin.

A number of ministers spoke briefly last evening giving opinions based on personal knowledge or investigation as to the success of Hanly and Mr. Fisher, who have been associated in this work for a number of years. Letters were also read recommending these evangelists, and it is the opinion of ministers and laymen who have considered the question at all that they are fortunate in having secured the promise of these earnest and successful workers to visit Jacksonville for their revival effort.

WILL DIRECT COUNTY ANTI-TUBERCULOSIS WORK

County Commissioners Name Board of Directors for Sanatorium—Dr. Grace Dewey, W. L. Batz and W. R. Turnbull Selected—Assume Duties July 1st.

The Morgan county board of commissioners yesterday named the board of directors of the Morgan county Tuberculosis sanatorium. These directors are Dr. Grace Dewey William L. Batz of this city and W. R. Turnbull of Waverly. According to the provisions of the law under which the tuberculosis sanatorium was authorized by the voters of Morgan county, these directors will take their office July 1. They will organize by selecting one of their number as chairman and another as secretary. They will draw lots and as a result one will serve one year, one two years and one three years and the county board will thus be called upon to name a director each year.

May Levy Three Mill Tax

Under the authority given by the vote of the people the county board may levy a tax not to exceed three mills for tuberculosis sanatorium purposes. Such a tax would raise a fund of about $57,000. This fall it will be the duty of the county board to determine the tax rate for the levy and the funds which thus result will be available in April or July of 1918.

The funds raised by taxation are placed in the custody of the county treasurer but the disposition of the funds is entirely in the hands of the tuberculosis sanatorium board of directors. These directors have authority to purchase or lease a site for a sanatorium and to provide for the erection of a buiiding. The only restriction is that the plans for the building must be submitted to the Illinois state board of health for approval. After a tuberculosis sanatorium has been erected persons living within Morgan county can be treated there without cost. It will also be possible for the directors to receive patients from outside territory in accordance with a schedule of charges which they fix.

In addition to having entire control of the sanatorium property and funds the sanatorium board of directors have authority to enforce certain rules as to health and sanitation. They can direct that persons ill from tuberculosis shall be treated at home and can enforce certain regulations which will be beneficial to the persons ill and will also prevent any spread of the disease.

Not Required to Build Sanatorium

While the directors have the authority for the erection of a sanatorium they are not obliged to erect such an institution but if they deem it best may provide other ways for the care and treatment of tuberculosis patients. The commissioners in making their appointments considered a number of persons and then decided upon the representative citizens named.

The law requires the apopintment of two citizens well qualified for the duties and that the third member shall be a physician. Dr. Dewey has been prominent for a number of years as a physician and has been especially interested in anti-tuberculosis work. Mr. Batz is a conservative and successful business man of Jacksonville and Mr. Turnbull is prominent in Waverly, where he served two terms as mayor and has been identified with various forward enterprises. All of the directors are large tax payers and thus interested in the welfare of the county in a financial way as well as otherwise.

GOOD PRICES FOR WOOL

A company at Camp Point recently shipped a car load of wool worth more than $10,000. One farmer brought them a single fleece that netted him $9 90 and another that brought him $5.50. Another man brought in a few fleeces in the back of his auto and took home $263.83 for them. Another hitched a trailer behind his auto, filled it with fleeces and received $387.43 while a firm delivered three wagon loads and took back $4,510.00. A farmer of this county is reported to be $2500 richer from his wool crop.

ARENZVILLE MISSIONARY SOCIETY MET

The monthly meeting of the Woman's Home and Foreign Missionary society of St. Peter's Lutheran church of Arenzville was Thursday afternoon. The study topic was "A Student Volunteer of 200 years ago took word to Greenland." The discussion of this topic was introduced by Miss Irene Musch Another theme considered was "Work for young Christians," and this was presented in a very helpful way by Miss Dena Musch. In all its details the meeting was interesting.

CLUB PLANS PICNIC

A committee for the annual picnic July 10 was appointed at a recent meeting of the Orleans Woman's Country Club. It is composed of Msr. Charles Davis, Mrs. James Cunningham and Mrs. Lloyd Magill. The club met with Mrs. Clyde Cox with Mrs. A. A Curry as leader. "English Music" was Mrs. Curry's theme and the paper was illustrated by works of English composers played on the piano by Mrs. Curry and Miss Violet Davis. "Historic Sights" was the subject of a paper by Mrs. Margaret Colwell. Mrs. Marcus Hulett and Mrs. W. T. Scott constitute a committee to have charge of the club's part in Red Cross work.

FINDS GIRL CANNOT LAY CLAIM TO ESTATE

CHICAGO, June 22.—Edna May Farrington, who at the age of fifteen married 51 years old Luther Congrave in 1912, cannot lay legal claim to his estate, according to the findings of Charles B. Morris, master in chancery, whose report was filed in the federal court today. The girl is the daughter of Mr. and Mrs. George Farrington of Aurora. Her husband committed suicide in 1915. It was charged by his brothers that Congrave was insane when he married the girl, that her parents used influence to bring about the marriage so they might live on Congrave's money, that the birl never loved her spouse, nor lived with him as his spouse. The master in chancery found that such were the facts.

AMERICAN AVIATORS ARRIVE IN FRANCE

NICE, France, June 22.—Fifty American aviators arrived here today to undergo a course of instruction at the seaplane depot. They were given the heartiest of welcomes by their French comrades.

A Washington despatch June 8, stated that 100 American aviators from the navy flying corps had arrived in France. They were the first of the American fighting forces to reach that country. The detachment included four expert aviators and many of the others are experienced in flying.

RELEASE SOCIALIST ARRESTED AT URBANA

DANVILLE, Ill., June 22.—Allen Crain, arrested at Urbana on a charge of distributing treasonable Socialist literature, was released from custody tonight but will be kept under surveillnce on advice of assistant District Attorney Dennis of Danville. When arranged in police court today, four other Socialists began talking excitedly, causing a crowd to gather and for a time trouble of a serious nature was feared.

PIANO PUPILS GAVE RECITAL AT FRANKLIN

Miss Emma Burnett in Charge of Musical Program at Olinger's Hall —Miss Hazel Ashbaugh, Violinist, Assisted

Piano pupils of Miss Emma Burnett gave a well rendered musical program Thursday evening in Olinger's Opera House. A SONS OF VETERANS ORGANIZATION

Is Such a Society Desired in Jacksonville and if so Who Will Start It?

At the meeting of Matt Starr post G. A. R. last evening a communication from the commander in chief of the Sons of Veterans was read asking if a camp in Jacksonville would be a desirable enterprise. There are a great many sons of veterans in the city and there would seem to be no reason why there should not be a flourishing camp here.

Any one interested in the matter is invited to confer wth Major McDougall or G. W. Nichols and if a suitable number indicates a desire for a camp steps will be taken to have one organized. It is probable that meetings could be held in G. A. R. hall.

NAPLES YOUNG WOMEN ENTERTAIN FRIENDS

The Misses Green Hostesses at Pleasant Gathering—Red Cross Meeting Well Attended—Mrs. Margaret Pine Romoves to Bluffs —Other Naples Items

Naples, Ill., June 22—Miss Margaret Green visited a few days with friends in Jacksonville attending the afternoon session of the E. L. convention Wednesday.

Carl Ritter, Will Gregory, Will and Harry Chambers attended the E. L. convention Wednesday going over in Mr. Ritter's car. At the close of the session they found that some one had appropriated the car, which they had left standing among others along the side walk just east of the church, presumably for a joy ride. They immediately reported its absence to the police authorities who at once instituted a search for it. About half past eleven they found it abandoned at the rear of the Pacific Hotel. The parties in the using had evidently found some mud on the way as it was very much bespattered. Aside from the mud the car seemed in its usual o. k state.

Misses Margaret, Mildred and Beulah Green entertained a company of their young friends to the number of seventy five last Friday evening at the home of their parents, Mr. and Mrs. Harvey Green. Young folks from St. Louis, Winchester, Bluffs and Oxville were present to enjoy the occasion. Party games of various kinds, music and chanticleer were enjoyed by the merry gathering Father Harney disporting himself in all the rounds as happy and young as the happiest and youngest. All report a fine time. Cake and fruit salad was served as the last number.

Little Miss Madge Mappin is home from a week's visit with relatives in Springfield.

Clarence McNier and family have returned to town after a disasterous half season's stay on one of the bottom farms. Too much water drowned everything out but the chickens and they brought them, some 250, along. They occupy the John Pine property opposite the school house.

Miss Gladys Cannon has returned home from Jacksonville where she had a delightful week's visit with friends and her father who has a position with one of the state institutions.

Eugene Simpson, our big six-footer, manager of the Smith-Hippen grain elevator at this place, is back on his job after an enjoyable trip thru the west to California. He made a great four week circuit.

Esquite Grabel, one of our oldest citizens had a very serious attack from heart complications which has confined him to his home since last Friday. He is growing better.

Miss Cecil Hatfield was a Pittsfield caller Saturday.

Mr. and Mrs. Rex Brittenham of Jacksonville drove over in their car Sunday afternoon and called at the home of George Abrams. Mrs. Abrams and daughter, Norma, accompanied them home. The former returned home Monday on the evening train Miss Norma remaining over for the E. L. convention.

Lillian and Maynard, children of Rolla Hatfield, are up from St. Louis to spend a part of their vacation with their grandparents, Mr. and Mrs. Walla Hatfield.

Joe Fry was a business caller in Bluffs Thursday morning. He was looking up the purchase of a horse.

Harvey Green and children, Miss Beulah, Clarence, Earl, and Glenna, were visitors in Jacksonville Saturday. Postmaster Parrish accompanied them, going over to consult with an M. D. in regard to his failing health.

Mr. and Mrs. Will Hamilton were hosts a couple of days this week to Mr. Hamilton's uncle, John Whisman of near Chapin.

Mrs. Margaret Pine, widow of the late W. G. Pine, this week moved her household goods to Bluffs where she has purchased a neat cottage, first north of the M. P. church where she will reside, being thus near many of her relatives. She leaves a splendid and commodious home here, the largest in the community, which, we understand, will now be for sale. Her many friends will regret her removal from our midst, the M. E. church losing a faithful attendent, altho she will probably leave her membership here.

Miss Mildred Green has been sick this week.

Elmer Moore, wife and son have returned to their home in St. Louis after a two weeks' visit with their parents, Milton Moore and wife and Lloyd Grabel and wife, and many friends.

The seep water is very much in evidence in cellars and gardens here abouts. With continued rainless days such as enjoyed the past week, however, we hope not to be bothered long as the river is slowly receding from its high mark.

The Red Cross meeting held Tuesday evening in the M. E. church was well attended by the ladies, the men folks coming out few in number. Carl Ritter presided, Merton Abbott being this district chairman. Rev. Mr. Caseley of the M. E. church of Winchester made a splendid talk explaining Red Cross work. Forty persons joined the organization and subscribed as many dollars.

Rev. George E. Haas and wife, Mrs. William Hamilton and Miss Cecil Hatfield attended the district Epworth League convention at Centenary church in Jacksonville Wednesday, going over in Mr. Haas' car. On the way home they had a very narrow escape from serious injury when at a point near Mt. Zion M. E. church the car was nearly overturned. The roadway at this point is somewhat narrow and on the right side is a deep ditch or gully. The driver of the Haas car, blinded by the head lights of an approaching car, turned out of the road and the back wheel went into the ditch. If the front wheel had also gone over the car would have overturned and the consequences would have been disastrous. Help was soon secured, the car righted and the rest of the journey made without serious mishap.

PROUD OF RESPONSE TO RED CROSS APPEAL

Local Men in Training at Ft. Sheridan Pleased at Morgan County's Interest in Movement—Appeal to Society for Aid Will be Urgent.

The following very interesting soldier letter was written the Journal by Fred Bray, who is now at the post hospital, Ft. Sheridan:

Post Hospital, Ft. Sheridan, Ill.
June 21, 1917.

Editor Journal:

Foster and I, in reading the Journal, have been very much interested in the campaign for Red Cross funds. We are proud of the manner in which Morgan County, in its usuel spirit, is answering the appeal.

No one can comprehend what the Red Cross society will be up against if our boys see fighting in France. In such event thousands of American boys will need medical attention, the most of which will have to come from the Red Cross. The European hospitals are already over-crowded, and the Medical Department of our Army will not possibly be able to give its sick and wounded the attention which they ought to have. Our Medical Department is not nearly so large as it should be, and the call for help will naturally fall upon the society which has done so much to do away with suffering and disease. We feel sure that Morgan county will live up to its usual reputation.

This has been an eventful week for us in that we have seen so many "folks from home." Saturday last we went into Chicago where we met Dorothy and Mrs. Foster, and were hailed at State and Madison streets by a Mr. York of Jacksonville, who recognized us—probably by the size of my army-shoes. Sunday, Supt. C. P. Gillett, H. J. Dunbaugh and Edward Bullard were all out to see us. Yesterday, while drilling, we saw one of the Misses Haddon who was here for the day. It surely seems good to see some one from home and we shall be insulted if anyone from Jacksonville ever visits the Fort and fails to hunt us up. Anyone at the hospital can readily direct one to our tent. They call it the "Conservatory" because we're all trying to learn how to play the Ukelele. I think they'll get an injunction against us soon.

We expect almost daily to be sent away, but we never can tell much about it, because army officials are very uncommunicative. Some of the clerks, however, have released the information that we are here merely pending the arrival of supplies, such as additional uniforms, haver-sacks, etc. We only hope that we aren't sent to Texas because we believe that we would prefer even the Rhine to the Rio Grande.

We are very well, and very much interested in our work. We are busy about six hours a day, have voracious appetites, and are putting on avoirdupois at a rate which I would blush to mention.

With best wishes for the success of the Red Cross campaign, I am

x Sincerely yours,
Fred W. Bray.

WOODSON CHURCH NOTICE

A community meeting will be held at the Presbyterian church at Woodson Sunday evening at eight o'clock in the interest of the Red Cross. Everyone is urged to attend this meeting.

920,000 HORSES GONE

Europe Has Imported Animals from America to Total Value of Approximately $260,000,000.

(New York Evening Post)

Nearly a million horses and more than a quarter of a million mules is the export record of the United States in the thirty-four months since the beginning of the war. A compilation by the National City Bank of New York, made on receipt of the reports of the great mortality among American horses in the war zone, shows that the number of horses exported from the beginning of August, 1914, to the present time is in round numbers 920,000,, and of mules 330,000. The stated value of the horses exported was $194,000,000, and of mules $66,000,000.

The fact that this is "not a cavalry war," and that automobiles, motorcycles, flying machines, and observation balloons are performing much of the service formerly required of the horse in war time, does not seem to have checked the demand for American saddles and draught animals. In the first year of the war the number of horses and mules sent out of the country was, in round numbers, 375,000, in the second year 470,000, and in the third year, which ends with next month, will approximate 450,000. For the fiscal year ending with the month of June, 1915, which is nearly identical with the first war year, the number of horses exported was 289,340, in the next year 357,553, and in the nine months of the present fiscal year, 226,839, suggesting that the total for the fiscal year which ends with this month will approximate 300,000. This suggests a slight decline.

The number of mules exported in the fiscal year ending with June, 1915, was 65,788, in the next year 11,915, and in the year which ends with the present month will approximate 160,000. In the single month of March, of the current year, the number of mules exported was 14,186, against 7,232 in the same month of last year, and for the nine months ending with March, 122,664, against 88,289 in the same period of last year.

The demands of the war do not seem to have caused any material advance in the prices at which the horses and mules have been exported. The average export valuation of the horses exported was in the first year of the war $221 per head, in the second year $205, and in the third year $214 per head. The average export price of the mules was in the first year $193, in the second year $2.05, and in the third year $206 per head. Nor does the exportation of a million horses seem to have had much effect on prices at home.

It is not surprising that the countries at war find it necessary to draw upon the United States for horses, since we have over one-fifth of the 100,000,000 horses of the world, and far more than any other single country except Russia, which has about 30,000,000, against about 22,000,000 in the United States.

WABASH TO HAVE NEW TIME CARD SUNDAY

Only One Slight Change Made in Train Time Here — Restrictions for Travel to Pittsfield.

The Wabash railroad has announced a new time card to go into effect Sunday, June 24. There is only change in time of one train. The east bound Wabash flyer No. 28 will leave Jacksonville at 1:55 a. m. instead of 1:53 a. m. Aside from this the new card does not affect Jacksonville.

The new card, however, sets the city of Pittsfield, the capital of Pike county out in a Sahara desert as it were. The west bound passenger due here at 5:10 p. m. and the east bound passenger due here at 9:45 p. m. will not carry passengers and make connection for Pittsfield at Maysville.

Instead of that the west bound flyer due here at 1:10 p. m. and which will again be known as No. 9, instead of 29, will carry passengers and connect with the plug train at Maysville. This gives Pittsfield connections on the two morning trains from the east but practically kills its Chicago connections in the evening unless a passenger drives to Griggsville and takes the train.

The Wabash officials have determined to allow passengers from Pittsfield to board the afternoon flyer at Maysville and will make stops for them at Baylis, Barry and Kinderhook. This will enable traveling men from Jacksonville to make Griggsville on the early morning train, get to Pittsfield on the passenger which is due out of here at 10:20 a. m. and then make connections for towns on west and give them practically the same train facilities that they have at the present time. However, it has not been discovered what is to prevent a passenger from purchasing a ticket here or at Chapin or Bluffs and getting off at any of the towns mentioned. It looks as tho the "Flyer" bids fair to become just a local train between Jacksonville and Hannibal so long as the present card is in effect.

Some changes also have been made in the local freight run. However, this apparently is only to so regulate them that the train crews may comply with the Adamson law.

Better qualities of better styles of better PANAMA HATS, with more to select from at no greater price are shown by FRANK BYRNS' Hat Store.

LEONARD
HI-OVEN RANGES
BAKE WITHOUT THE "AKE"

Take the "Ake" out of Bake

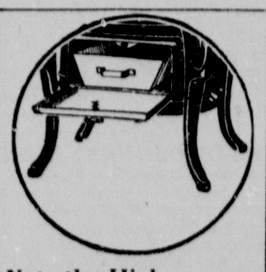
You can take the "ake" out of bake by using a modern and convenient Leonard Hi-Oven Range. No stooping required. No more backaches as all work done in an easy upright position. Compare this with the old way—the low oven way. When you stoop over to the low oven the blood rushes to your head; the heat rolls out in your face; and when you raise up it is with a "kink" in your back and that disagreeable dizzy feeling in your head. Isn't very pleasant is it?

A Model 200

Leonard Hi-Oven Range

(Burns Coal or Wood—May Be Equipped for Gas)

Is a Range and Heater Combined



Note the High Sanitary Base

The high sanitary base is convenient. It's easy to scrub and clean under and is high enough that you can sweep under it. Also, notice the large ash pan.

A Model 200 Leonard Hi-Oven range not only saves you a lot of unnecessary work and worry, but it also has the added advantage of being a heating stove and cooking range combined. It is especially convenient for cold kitchens for while you are doing your cooking and baking the kitchen is heated easily and comfortably. Your kitchen is made the most comfortable room in the house. And then, too, the same range and the same fuel will warm the dining room too, if you wish.

You will also notice that one of these ranges requires only a small space in the kitchen, and yet it has ample cooking surface and a large oven.

The Convenient Oval Fire Pot

The oval fire pot is convenient for the fuel. You can also burn wood in it if you wish. Then too — being oval — it heats the top evenly.

FABER'S GOOD PITCHING GIVES SOX A VICTORY

NAPS ERRATIC FIELDING HELPS CHICAGO

Boston Wins an Even Break in Series With Yankees—Tigers Defeat Browns Twice by Hard and Timely Hitting

Chicago, June 22—Faber's good pitching coupled with erratic fielding by the visitors and some daring base running by the locals gave Chicago a 4 to 1 victory over Cleveland today.

Boston 2; New York 1

New York, June 22—Boston won an even break in its series with New York here today the world's champions winning the final game by a score of 2 to 1. Mays' fine pitching was too much for the Yankees, who made only three hits. Frank Baker, New York's heavy hitter failed to reach first base during the series.

GOLF TOURNEY FOR THE FOURTH

An Interesting Time to be Enjoyed by Lovers of the Famous Game.

One thing after another comes along to insure a fine time at Nichols park the Fourth. The lovers of golf in the city are arranging for a tournament which cannot fail to be of much interest. It is to begin at nine in the morning and continue probably till the shades of night begin falling fast, though there will be no Alpine village in sight that day.

Entries will cost 25 cents each, the total sum to be given to the Red Cross society. Entries can be made either with Terrence Brennan, South Sandy St., or F. E. Farrell, at the banking house of F. G. Farrell & Co. There are six prizes donated severally by T. J. Brennan, Brady Brothers, Lukeman Brothers, Myers Brothers, H. L. & B. W. Smith. The play is against blind bogy and prizes will be for best individual score; ladies' and gentlemen's best score; ladies' and gentlemen's handicap; score to each lady and gentleman for the highest score.

HUTCHINSON WINS TOURNEY.

Philadelphia, June 22.—Jock Hutchinson, the professional of the Allegheny Country Club, Pittsburgh, Pa., today won the national open patriotic golf tournament at White Marsh, finishing with a total of 292 strokes for the four rounds of 72 holes.

MICHIGAN ATHLETES SERVING COUNTRY

Ann Arbor, Mich., June — Many of Michigan's star athletes are already serving their country and more are expected to respond to the call as soon as their class work is completed.

"Pat" Smith, captain-elect of the 1917 football team is at the Great Lakes training camp and so are Phil Raymond, of the 1916 eleven and Loucks and Hildner, of the gridiron squad.

Eddie Carroll, the miler, and captain of the track team, has joined the engineering corps. Willard Peach, end on last year's football eleven, also has entered the service.

Former Michigan men who have started to do their bit, are too numerous to mention. The list includes "Brute" Pontius, a star tackle; Bond, intercollegiate 100-yard champion in 1914; "Big Bill" Edmunds; "Grif" Hayes, of Detroit; Hal Smith, the sprinter and Former Congressman Edwin Denby, of Detroit, who was a member of the 1896 football eleven.

FIELDER JONES' AMBITION

Detroit, June. — Fielder Jones, manager of the St. Louis Americans, says that one of his ambitions is to spend a few days alone with Tyrus Cobb.

"I preach Cobb to my ball players day in and day out," he said. "Nobody knows any more baseball than Cobb and nobody learns more by experience than he."

Jones said he hopes to hold a baseball conference with Ty some day and go over every branch of the game.

Chicago, June.—George Johnson, an umpire released by the American Association in line with its plans to keep down expenses during the war, is officiating at semi-pro games in the Chicago City league.

BIG CROWD ATTENDS WAGNER DAY CELEBRATION

PITTSBURGH MAYOR PRESENTS WAGNER WITH SILVER CUP

Large Auto Parade Before Game a Part of Celebration—Pirates Down Cubs in Ten Innings—Phillies Win Over Brooklyn.

Pittsburgh, June 22.—It was estimated 12,000 people took part in the celebration of Wagner Day at Forbes Field this afternoon, when, in formal observance of his recent return to the game, Hans Wagner was presented a silver loving cup by Mayor Armstrong, on behalf of local admirers of the veteran infielder. A large automobile parade before the game was a part of the demonstration.

In the game that followed Pittsburgh defeated Chicago 4 to 3. It was a ten inning contest. With the bases full in the tenth, Hinchman hit the first pitched ball for a single scoring Bigbee. Score:

MR. AUTO OWNER!
Why throw your old auto tires away when they are good for 2500 to 6500 more miles.
My method of taking two old tires and making one good one is saving thousands of auto owners from 50 to 75 per cent on their bills.
Send me two old tires and I will make one good tire that you can get from 2500 to 6500 more miles out of. In sending me tires be sure one has a good rim no matter how bad the tread is worn. For the other one that has a good tread no matter what condition rim is in.
If You Haven't a Tire with a Good Tread I Can Furnish You One

PRICES FOR DOUBLE TREADING

BULLISH CONSTRUCTION OF REPORTS LIFTS WHEAT

Market Closes Strong at 5½ to 7 Cents Net Higher—Other Commodities Score Gains

Chicago, June 22.—Bullish construction on the Kansas crop report helped to strengthen wheat prices today and to too did reports that arrangements had been completed to increase commercial vessel tonnage available for shipments to Europe. The market closed strong, 5½ to 7c net higher with July at $2.10 and Sept. at $1.84. Other commodities too, scored gains, corn 2c to 4c, oats ⅝@¾ to 1⅝c and provisions 5c to 60c.

Thruout the session wheat almost constantly had a decided upward slant. The July option in particular showed buoyancy altho demand for July and for other months as well was confined to scattering transactions. Assistance from Japan was mentioned as one of the main sources of the expansion of vessel tonnage which was looked for. The chief bullish aspect of the Kansas crop report was that the 1917 crop of the state would be 58 per cent below the output last year and would stand smallest since 1896. Persistent buying of corn for export at relatively high premiums gave a big lift to the corn market as a whole. In addition the bears were handicapped by prospects of rain, whereas sunshine and warmth appeared to be greatly needed.

Oats hardened with corn.

Pork rose to the highest price on record, $40.10 a barrel, September delivery. Lard, however, was relatively neglected.

BUSTLING ACTIVITY MARKS INDUSTRIES

New York, June 22.—Bradstreet's tomorrow will say:

"Bustling activity characterizes the leading industries, particularly iron, steel lumber, textiles, coal and shipbuilding and at the same time governmental buying in numerous lines is still spreading. Crop news is spreading, higher temperatures have made for improvem nt in retail trade, railway cars are in relatively better supply, prices for some food products tend downward and payments in the larger branches of enterprise are good. Withal wholesale trade is relatively slow, relorders going to jobbers are exceptionally light, conservatism respecting buying for future delivery is in evidence luxuries and fancy articles are prically neglected, a sign that economizing is still widely prevalent and discussions regarding governmental control of prices makes for some uncertainty while the imminent calling of men for military duty certainly restricts buying of seasonal apparel.

"However, losses in what might be termed ordinary lines, this characterization being used in its most comprehensive sense, is largely if not wholly offset by governmental buying and this diversity in the ebb and flow of things obviously makes for the working out of re-adjustments. But despite the giving of ground in some lines, resulting in the transfer of interest to other things, the producing units of this country are oversold and for months ahead at that. Scarcity of labor is still marked and from many centers also come reports about the exceptional paucity of raw materials.

RECOVERIES MAKE FURTHER PROGRESS

War Shares Once More the Conspicious Feature—Monetary Situation Continues a Restraining Influence.

New York, June 22.—Recoveries from the general reaction of the early week made for further progress today altho trading was of a tentative character and more circumscribed as to the variety of issues dealt in. War shares were once more the conspicuous feature and gave evidence of further improvement.

The monetary situation continued a restraining influence. Time money was in scant supply. Forecasts of the week's money movements favored a cash gain.

Movements in the foreign exchange market were somewhat conflicting.

The inquiry for war stocks was accompanied by pool activities in related issues. nited States Steel at one time showed an exereme gain of 1⅛ points, most others of that division raising 1½ to about 3 but in every instance most of the advantage was forfeited.

The more distinctive equipments and motors gained 2 and 3 points at their best with leathers, while Texas Company led the oils at an extreme rise of 4½ points.

Metals and inactive specialties improved on average of a point or two with sugars.

Rails in general lost much of their 1 to 2 point advances. Total sales amounted to 63,000 shares.

All classes of bonds were heavy. Total sales (par value) aggregated $1,800,000.

Liberty 3½ ruled at par, but United States registered and coupon 3s of 1946 registered and coupon 4s and Panama 3s were 1 to 3 per cent lower on call.

WIRE THAT HOUSE THIS MONTH

While Our

SPECIAL HOUSE--WIRING CAMPAIGN

is on, and we are able to make you attractive rates and favorable terms.

If you have not the comforts of electricity you are doing without the greatest of modern aids to housekeeping.

Electric light is inexpensive, safe and beautiful. Electric household appliances cost little to run and save hours of time and labor.

A Wise Investment for Landlords

The countless conveniences of electricity are now more widely appreciated by the general public. Electricity equipped houses are eagerly sought by both buyers and renters.

Wire Your House Now

Wiring a house adds far more to its value than the cost of the work while the increased rent such a house will bring soon pays for the improvement.

Money appropriated by a house owner for electric wiring is thus well **invested**—it is not **spent.** We have a special proposition for landlords that is well worth investigating.

Remember it does not cost much to wire your house for electricity and it can be done without muss, dirt or disturbance of your household. A telephone call will bring our wiring man—his estimate will place you under no obligation.

TO DISCUSS PROBLEMS RESULTING FROM WAR

Many Prominent Speakers to be Heard at Eastern States Exposition in West Springfield, Mass.—Program Comprehensive in Scope

Springfield, Mass., June 22—Amid scores of exhibits which a hundred workmen are installing in the buildings and grounds of the Eastern States Exposition in West Springfield, a large number of the leading public officials, manufacturers, merchants, scientists and publicists of the nation will discuss "after-the-war" industrial problems during the week beginning tomorrow.

The occasion of the gathering will be the great Industrial Exposition and Export Conference, for which preparations have been going forward for several months. The exposition and conference not only has the endorsement of the Department of Commerce, and Pan American Union, but it has been officially endorsed by the American Paper and Pulp Association, the Associated Industries of Massachusetts, and other allied industrial organizations.

Originally planned as a New England enterprise, the scope of the conference has broadened until every conceivable phase of the American industrial situation in relation to present conditions and conditions after the war will receive attention and the discussions will provide probably the most exhaustive treatment of those problems ever presented. A part of each day's session will be devoted to discussion of the conditions of foreign markets for the various industrial products, means of reaching them, and methods of export.

Daily Export Conference

No small factor of interest to business men the country over will be the daily "export conference," each day's program being complete in itself, in which the manufacturers and their sales agents will be able to exchange the latest ideas on all matters of making, selling and shipping goods, and to hear these matters discussed by the ablest experts in America.

The huge growth of the export business of the United States since the beginning of the European war has emphasized the need of taking steps to hold what has been gained when there shall again be competition, and the export conference and exposition will be a move in this direction; in the opinion of the large body of industrial leaders and commercial organizations that is promoting it.

The program is very comprehensive in its scope and in the topics to be discussed by speakers of national reputation and experts in the various industries they represent. At the formal opening tomorrow addresses of welcome will be made by the Governor of Massachusetts and the mayor of Springfield. Secretary of Commerce William C. Redfield will deliver an address on "After the War—What?"

Speakers and Topics

Speakers and their topics during the coming week will include the following:

"Improving Trade Relations With South America," W. A. Reid, of the Pan-American Union; "The Far East," Professor J. W. Jenks, of Columbia University; "The Federal Shipping Board," William Denman, chairman of the United States Shipping Board; "American Prospects in Russia," John H. Snodgrass, late United States consul-general at Moscow; "American Banks Abroad" William S. Kies, vice president National City Bank New York; "Foreign Credits," J. H. Tregoe, secretary National Credit Men's Association; "The Export of American Cottons," W. A. Graham Clark, textile expert United States Tariff Commission; "World Trade," J. E Fitzgerald, chief of the Consular Division, Bureau of Foreign and Domestic Commerce; "Financing Foreign Shipments," W. H. Lough, secretary Business Training Corporation, New York; "The Department of Commerce of the United States of America and Its Service to American Manufacturers," Dr. E. E. Pratt, chief of the Bureau of Foreign and Domestic Commerce, Department of the United States.

The exhibition of American manufacturers will include many unique and exceptionally interesting features. Hundreds of foreign buyers as well as manufacturers are scheduled to be present on a tour of inspection; and, as never before, the commodities made in the Eastern States, and in several other sections as well, are to be arrayed in one magnificent group, as instructive as it is interesting. One of the special features of educational interest will be the "co-operative system" of exhibit. It is to unite the article and the plan of its disposal, and is expected to do much towards building up and centralizing the business of today and tomorrow.

NICE ASSORTMENT OF MARABOU COLLARETTES REASONABLY PRICED AT HERMAN'S.

OBITUARY OF MRS. DAVID GORDON

Alice, B. Camp, daughter of George W. and Mary J. Camp was born near Winchester, Scott county, Ill., Nov. 6th, 1857. After an illnes of one year's duration she passed quietly to rest on Sunday morning, June 3rd, at her home, 800 4th street, Peoria, Ill. The subject of this sketch received her early education from the district school near her childhood home, and later attended the Presbyterian Academy in Jacksonville. At the age of sixteen she united with the Christian church at Lynnville, Ill. Under the ministry of Elder John Henry Matthews and throuut her whole life she was active in all church work. She was a life member of the Christian Woman's Board of Missions and for a number of years she served as president of that organization at Lynnville, Ill. She also taught in the Sunday school for many years, and was always ready and willing to render any service she could for her Master.

Dec. 12th, 1881, she was married to David O. Gordon. To this union was born five children. The first born, Florence Ethel died Sept. 19, 1891, aged five years. She is survived by her husband and four children, Mrs. Milton Batchelder of Harristown, Ill., Arthur Warren, William Ames, Edith and one grandson, four brothers, John B. and Marcus D. Camp of Harristown, Ill., Charles B. Camp of Roca, Neb., Joseph W. Camp of Ancona, Ill., and three sisters, Mrs. C. M. Brasfield and Mrs. C. G. Jones of Springfield, Ill., and Mrs. H. L. Gordon of Winchester, Ill., besides a host of other relatives and friends. She was a devoted wife and a loving mother and will be sadly missed in the home.

Funeral serivces were held at Central Christian church, Jacksonville, in charge of the pastor, M. L. Pontius on Tuesday evening, June 5th On account of washouts on the railroad the funeral cortege was detained at various points, and did not arrive in Jacksonville until six p. m. having left Peoria at 8 a. m. On account of the delay the service was brief but very impressive. Miss Cora Graham, Mrs. J. Wallace Brockman C. L. Mathis and W. W. Gillham were the singers. The flowers were cared for by the Misses Carrie Campbell, Nannie Campbell, Bertha Gordon and Sallie McKinney. Interment was in Diamond Grove cemetery. The bearers were Leslie Lewis, William Coultas, Berry Heaton, Oliver Stainsforth, Frank Gordon and Scott Gordon.

CHAPIN HOUSEHOLD SCIENCE CLUB MEETS

Semi-Monthly Meeting Held at Home of Mrs. B. F. Taylor—Enjoyable Time Had—Other News.

Chapin, June 22.—The semi-monthly meeting of the Chapin Household Science Club was held at the home of Mrs. B. J. Taylor on Wednesday afternoon. The program was opened by singing "Illinois," which was recently adopted as the club song. A brief report of the County Federation picnic held in Jacksonville, June 12, was given by Mrs. H. O. Smith and a short drill in Parliamentary Law was conducted by Mrs. B. A. Cratz of Concord A solo by Miss Edna Hutches was greatly appreciated; the other music for the afternoon was furnished by the Victrola. A very interesting and instructive paper on Red Cross work was given by Mrs. Howard Tucker. Delicious refreshments were served by the hostess and a little souvenir flag pin was found on the corner of each napkin. Among the afternoon guests was Mrs. Ed. Vickery of Des Moines, Iowa, and Mrs. F. P. McKinney.

Mr. and Mrs. Jeff Duckett and Mrs. Wm. Stout were Jacksonville visitors today.

MISSIONARY EDUCATIONAL CONGRESS.

Blue Ridge, N. C., June 22.—The Missionary Educational Movement Congress, one of the most important of the annual religious assemblies held at this resort during the summer, was opened today and will be continued until the end of the month. The early registration indicates a large attendance. Daily addresses and discussions by prominent missionaries and church workers will be included in the program.

PACIFIC NORTHWEST GOLF.

Portland, Ore., June 22.—All arrangements have been completed for the championship tournament of the Pacific Northwest Golf association, which is to be played next week over the links of the Waverley Country Club of this city. It has been decided to devote the money usually spent for trophies to the Red Cross fund. Participants in the tournament will include the best players of Spokane, Tacoma, Vancouver, Butte, Seattle, Salem and other cities of the Northwest. California also is expected to send several prominent representatives.

J. F. Funk of Manchester made a business trip to the city yesterday.

DULL AND SHARP SHOOTING PAINS

Michigan Lady Suffered Such Pains In Back and Head, But Says Cardui Stopped These Bad Spells.

Palmyra, Mich.—Mrs. Chas. T. Fuller, of this place, writes: "In 1911 I got run-down, and I suffered great pain...with both dull and sharp shooting pains...also back and head. I was weak and could only drag around, and should have been in bed, for I really wasn't able to be up. At times I would have spells that would be so bad I'd have to go to bed, and suffered intensely...

I decided to try Cardui, and saw a great improvement in less than a month's time. I used 7 or 8 bottles and was stronger...I got so much better that my strength returned and my work was easy for me. Cardui did me a world of good. It built me up in health and strength. I haven't had one of those bad spells since. I haven't had to take any more medicine since or have any doctors either and have been able to do my work right along ...I recommend it to other women highly as the best medicine I know of for women who suffer from female trouble."

If you suffer from female troubles, follow this advice. Get a bottle of Cardui today and give it a thorough trial. It should help you, as it has helped thousands of other women in the past 40 years. At all druggists.

"Inside" Information About Eczema

Washing the skin, rubbing salves and lotions on it, will not cure your Eczema. You may temporarily relieve the constant itching, but if you want to get at the seat of the trouble, you must purify your blood.

Infected blood is dangerous, and when the watery sores and pimples appear, you should lose no time in procuring a bottle of S. S. S.

This great remedy, which was discovered over fifty years ago, will wash out and strengthen your blood, and the annoying and disfiguring eruptions of the skin will disappear, and you will soon feel healthy and vigorous again.

S. S. S. being purely vegetable, is entirely free from all "dope" and drugs; get it at your druggist's and insist upon the genuine. For free expert advice, write to our Medical Department, Swift Specific Co., 307 Swift Building, Atlanta, Ga.

Senreco

REG. U.S. PAT. OFF.

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

Birmingham, Alabama, Mar. 20, 1917.
I am using Senreco myself. Gums have improved wonderfully.

Rochester, N. Y., Feb. 7, 1917.
I find Senreco a great help in my work.

Chicago, Ills., Mar. 10, 1917.
I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Philadelphia, Pa., Jan. 22, 1917.
Senreco actually improves the condition of the gums by reducing inflamation. I highly recommend it.

Columbus, Ohio, Oct. 20, 1916.
I find Senreco very beneficial.

Chicago, Ills., April 7, 1917.
I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorites for Senreco.

Buffalo, N. Y., Oct. 18, 1916.
Am well pleased with Senreco—so are my patients.

New York City, Mar. 27, 1917.
Senreco is the best tooth paste in use this day.

Try this remarkable dentifice yourself. Get a tube of Senreco at your druggist's or toilet counter today. Costs only 25c for large 2 oz. tube.
